Trio stoma care  
products

and goodbye to  
sore skin

## Product Guide

 trio healthcare™

**we are Trio** and we believe everyone has the right to healthy skin.

Everything we do is driven by the relentless pursuit of healthy peristomal skin. We invented Sil2 Breathable Silicone Technology® so that ostomates who use our stoma care products can experience a world free from the daily challenges of red, sore skin.

# find the right stoma care products for you and your skin.

## **Genii**™ is here.

# Genii™

the stoma bag that  
sticks, seals and feels  
like it's not even there.

## Genii™ sticks...

“

I found the silicone product actually clung to my skin. There was no peeling of the flange even after days. It gave me great confidence wearing it and going out to exercise.

”

Scott

Anne

## Genii™ seals...

“

Once it was on, you couldn't feel it and that's massive because you can forget it's there. It worked incredibly well, there were no gaps and no wrinkling. I think it's a real gamechanger.

”

## Genii™ feels...

“

These bags aren't great, mummy, they're amazing!

”

Logan

# what makes **Genii™** so different from other stoma bags?

Genii™ is the first ever stoma bag in the world that uses our unique Sil2 Breathable Silicone Technology® in the flange. Which means it sticks with a unique silicone adhesive that seals perfectly to protect skin against output and moves with your body so it feels like it's not even there.

**With a lightweight, water-resistant material in a choice of three skin tone colours, we know you're going to love it!**

# Trio Elisse® Sting Free Skin Barrier

# say hello to healthier skin

“

I used Elisse® on a urostomate who was struggling with skin issues and irritation. Elisse® helped to protect the skin and the urostomate mentioned that the application was neat and tidy and that they were very happy with it!

Stoma Nurse

”

trio Elisse®

# do regular bag changes leave your skin constantly red and sore?

## Trio Elisse® builds a protective barrier between your stoma bag and your skin.

### Prevents skin damage

by stopping output coming in contact with healthy or damaged skin

**Protects 'at risk' peristomal skin** from the strain of regular removals by building a barrier between skin and adhesive flange

**Allows skin to breathe** naturally during wear leading to better skin health

### Soothes irritated skin

Our unique silicone formula calms red and itchy peristomal skin

**360° directional spray** sprays at any angle

### Dries in seconds

Fast drying, long-lasting protection

## Trio Elisse® Silicone Technology

Trio Elisse® Sting Free Skin Barrier has a hypoallergenic 100% silicone formula that means no nasty chemicals and builds a protective barrier between the adhesive flange and your skin. The gentle, directional spray action sprays at any angle without wastage.
